Go to main screen and open the Safari App

If you do not get redirected to the page below, type 2.2.2.2 where you would type in a webpage and tap Go. Select the check box and tap Start.

## Select Guest User

## Tap Download for iPhone, iPad & iPod

Tap Allow to load profile.

Tap Close on next message.

UNMANAGED ROOT CERTIFICATE

Installing the certificate "FCPS Root CA" will add it to the list of trusted certificates on your iPhone. This certificate will not be trusted for websites until you enable it in Certificate Trust Settings.

Tap Install.

Go back to Settings and you will see the Guest Profile.

Select Wi-Fi and Tap Fairfax. When connected you will see the blue checkmark.
