Dear Parent/Guardian:

Parents now have the opportunity to create an FCPS 24-7 Learning (Blackboard) account of their own. The parent's access is called Parent View and provides the opportunity to view all their children's accounts. Parent accounts will also give access to other important features forthcoming. Benefits of this secure log-in include:

- Parents will be able to access all of their children's courses.
- Parents will no longer need to use their student's log-in and password.
- Parents will be able to enter and update their children's emergency care and contact information online (weCare@schools) when the application is released.

Instructions for getting a parent account:

To get a FCPS 24-7 Learning Parent View account, please follow these steps:
