The **Hour of Code**
is coming to Belvedere!

Last year, 15 million students tried an Hour of Code during Computer Science Education Week. This year, an expected 100 million students worldwide will participate between December 8 and 14. Computer science teaches creativity and problem-solving and prepares students for future careers.

The Hour of Code is a one hour self-guided tutorial in writing computer programs. It’s fun, featuring favorites like *Angry Birds* and *Plants vs. Zombies* and video lectures from Mark Zuckerberg and Bill Gates. See [http://hourofcode.com/us](http://hourofcode.com/us) for more on The Hour of Code.

Belvedere will be hosting an Hour of Code!

**When:** December 9, 6:45 to 8:00pm

**Who:** Students grades 3-5 (no programming experience necessary).

Space will be limited to 60 students. Please register by Friday, December 5

For more information or questions, contact parent-coordinator Jeff Gerber (squeffrey@gmail.com) or Belvedere Technology Specialist Karen Baxter (kmbaxter1@fcps.edu).

Please cut and return this section to school to register your child:

- **Student Name(s):** ______________________________________________________________
- **Grade(s):** _____ **Teacher(s):** ________________________________________________
- □ I would like to volunteer to help on the 9th.
  - **Name:** _______________________________________________________________
  - **Phone number:** ___________________________ **E-Mail:** ______________________

**Teachers:** Return to Karen Baxter
