

# Kindergarten Happenings in November

## Bush Hill Elementary School

Thank you for supporting the Book Fair! The children are enjoying the books you donated to the classroom.

The children had a great time at Treat Night! Thanks for all the cans of food that were donated. They were delivered to Koinonia to help those in need.

In language arts, we will continue working with letter recognition and letter sounds. This month we will be working on the letters W, S, P, and H, as well as reviewing letters already learned. The children are working very hard at their reading and writing skills. We will begin working in our small reading groups. We are proud of their progress.

In math, we will be working on the concepts of same and different, more and fewer and number recognition. The children are enjoying the calendar math activities that we do each day.

In science, we will continue discussing Fall and all the changes we see outside. We will also be learning all about squirrels. The children will describe the habits of squirrels, where they live and identify the foods they eat.

In social studies, we will learn about "The First Thanksgiving." We will learn about Squanto and how he helped the pilgrims. We will be doing various language arts and math activities relating to Native Americans and Thanksgiving.

### Reminders

- Now that the weather is turning cooler please label jackets and sweaters. It will make them easier to find.
- Don't forget to send in a towel for quiet time.
- Don't forget to read 10 books for the Book-It! program to receive your free Personal Pan Pizza!
