CAREER AND TECHNICAL EDUCATION  
ARTICULATION AGREEMENTS**

As of December 2008

Articulated Credit is a means for high school students to gain college credit for high school course work. By completing a course with a “B” or better, students have two years to apply for and receive college credit for their previous work. There is no tuition associated with articulated courses, and the college credit is specific to an institution.

<b>Curriculum Program Area</b>	<b>High School Classes</b>	<b>College/School</b>	<b>Advanced Placement Courses</b>	<b>Credits Granted</b>
