

Chantilly High School Academy

5 Students Certified in Microsoft Certified Professional Certification

Steve Hahn, Josh Brahms, Roderick Tolbert, Anliko Loman, Matt Tobey

MCP curriculum revolves around understanding Microsoft's operating systems otherwise known as the computer programs that manage the hardware and software resources of a computer. The certification required passing score on one challenging test.

2 Students Certified in Microsoft Certified Desktop Support Technician

Anliko Loman & Matt Tobey

Students were required to pass two core exams to become MCDST certified. The MCDST certification will enable them to start their IT career with the skills necessary to successfully troubleshoot desktop environments running on the Microsoft Windows operating system. This credential will not retire with the release of Windows Vista certifications; it will continue to be supported by Microsoft & valued by employers and decision makers who use Microsoft Windows XP. Matt and Anliko are also MCP certified and are IT student interns at Chantilly High School & FCPS Department of Information Technology.
