

Collision

1st Place – Brandon and Amanda

2nd Place – Alfred

3rd Place – Tyheem

Mr. Kenny Brown and four of his Auto Collision students participated in the SkillsUSA District 5 Competition sponsored by Wagon Work Collision Center of Alexandria, Virginia. Students refinished a fender by blending in a new paint job over and existing paint job. Brandon and Alfred took first and second place in the competition. Amanda and Tyheem took first and third place in the Collision Repair Competition which required them to work out two minor dents with metal finishing tools and body filler. Bead and spot plug welding were additional parts of this competition. All competitors completed an application and interview with a Wagon Work employee. District 5 SkillsUSA is grateful to Wagon Work for their support of this worthwhile event.
