PUBLIC SCHOOLS

Chantilly High School
4201 Stringfellow Road
Chantilly, Virginia 20151-2600

March 20, 2006

Dear Parents and Guardians:

This morning I was made aware that a member of the Chantilly High School faculty was arrested yesterday and charged with possession and distribution of a controlled substance while on Chantilly High School property. These charges stem from an incident that occurred on Friday morning. The Chantilly High School Resource Officer, as a member of Fairfax County Police, is participating in the investigation surrounding this incident. The staff member arrested has been placed on administrative leave. A Fairfax County Public Schools investigation is ongoing.

We know that you are concerned for the safety of your children. Please remind your child that he or she should never take any kind of drug and should always report suspicious activity to a trusted adult. Your cooperation and your positive reinforcement of both the school's and your expectations help to make our efforts effective.

We will continue to keep you informed as appropriate. Classes have and will continue to proceed normally while the police conduct their investigation. I want to commend our students and staff for handling this inconvenience calmly and wish to thank you and our community for all your continued support.

Sincerely,

James J. Kacur

Principal
