

Student Select is part of the Fairfax County Public Schools (FCPS) Technology@Home program. This program seeks to help students, faculty, and staff members with their home technology needs by enabling them to purchase directly from vendors at educational discount rates. With the latest technology, students, faculty, and staff members can make the best use of instructional and administrative resources from home. Through a special agreement with Microsoft, Fairfax County Public Schools students and staff members can now purchase the following Microsoft products for home and personal use. In addition, Fairfax County Public Schools adult education students are eligible to purchase from this program.
