Please ask your child to draw a picture of him- or herself below. They may also write a sentence about their picture. Please do not help your child draw his/her picture. Please also ask your child to write the first (and if able, last) name on the line below without your assistance. You may help your child write their sentence, but indicate how you helped. This will help us begin to assess some of your child's readiness skills for kindergarten which we will use for placement and to plan for instruction. Thanks!
