Parental Permission for Students Using Private Vehicles for Academy Transportation

Dear Parent,

Free bus shuttles are provided for many academy classes. However, with written parental permission and proper academy documentation, students may drive or ride to the academy in a private vehicle. Driving to the academy is a privilege and may be suspended at any time during the year if the student abuses that privilege (without refund of parking fee). There are advantages and disadvantages to depending on a private vehicle as a means of transportation between the academy and the base school. Before giving permission for your son/daughter to drive or ride in a car, please read the letter to students and parents titled, "Important Information for Students and Parents" and the memo from the school system's transportation department with the subject line, "Academy Transportation."

Even though it may seem that the Academy Transportation form and this permission form may seem redundant, please complete the information below. If you want to change any permissions during the year, please call the academy office for a new permission form.

PLEASE FILL IN EACH SECTION COMPLETELY
