

The English for Speakers of Other Languages (ESOL) Program

The mission of ESOL Services is to develop the English proficiency of students, enhance their academic achievement, and support school staffs as they deliver quality instruction.

ESOL Services:

- Develops students' English language proficiency and academic skills;
- Creates supportive learning environments which value and build on students' academic, linguistic, and cultural backgrounds;
- Builds teachers' skills to employ best instructional practices;
- Builds connections between ESOL and school wide instructional programs;
- Encourages participation of students and their families within the school community.
