

KINDERGARTEN COURSE DESCRIPTIONS A.M. and P.M.

Please select your 1st, 2nd and 3rd combination choices.

Combination 1

AM Class: World Geography

K

Come swim the Pacific with the whales, hop across Australia with the kangaroos and race across Asia with the tigers. Spend a day on a different continent or ocean learning about the animals and the environment. (Language Arts, Math, Science, Social Studies)

PM Class: Alphabet Adventures

K

This class will reinforce students' phonemic awareness and letter recognition skills through various hands-on activities. Students will also gain exposure to early reading concepts through books, songs, and games. "Alphabet Adventures" will provide students with activities that will enhance their excitement and readiness for reading. (Language Arts)

Combination 2

AM Class: The ABC's: Let's Look at These

K

Come have fun with the alphabet. We will read and write the alphabet, sort words, play games and create art projects with the alphabet. (Language Arts)

PM Class: Bread Around the World

K

Everybody all over the world eats bread, but not everyone eats the same kind of bread. We will learn about the importance of bread to our bodies and explore, create and eat many different kinds of bread. YUM! (Language Arts and Math)

Combination 3

AM Class: Bread Around the World

K

Everybody all over the world eats bread, but not everyone eats the same kind of bread. We will learn about the importance of bread to our bodies and explore, create and eat many different kinds of bread. YUM! (Language Arts and Math)

AM Class: The ABC's: Let's Look at These

K

Come have fun with the alphabet. We will read and write the alphabet, sort words, play games and create art projects with the alphabet. (Language Arts)

Combination 4

AM Class: Once Upon a Time

K

Pirates, princesses, three bears and a happily ever after! Join us for an adventure through fairy tales where we will explore story elements as well as math using our favorite characters! Measure Cinderella's shoes, estimate the pirate ship, and create a dress or coach for the ball! Join us for an adventure of learning through a land far, far, away! (Language Arts)

**Kinder Bear Learning

K

By Invitation Only

Kindergarteners will review Language Arts and Math skills from the first quarter. Students will practice basic skills with the alphabet, work in cooperative groups and literacy centers, and utilize manipulatives during math centers. (Language Arts, Math)

Combination 5

AM Class: Alphabet Adventures

K

This class will reinforce students' phonemic awareness and letter recognition skills through various hands-on activities. Students will also gain exposure to early reading concepts through books, songs, and games. "Alphabet Adventures" will provide students with activities that will enhance their excitement and readiness for reading. (Language Arts)

PM Class: World Geography

K

Come swim the Pacific with the whales, hop across Australia with the kangaroos and race across Asia with the tigers. Spend a day on a different continent or ocean learning about the animals and the environment. (Language Arts, Math, Science, Social Studies)
