

New parking restrictions around GBW!

GBW has always welcomed visitors and volunteers to school. We have many wonderful school programs to which the families of students are invited. However, we do want to draw your attention to the new parking restriction signs so that you won't be ticketed.

Parking in the Greenbriar West parking lot should always be your first choice, but if it is full, we ask that you park in the surrounding community. There are restrictions, though, so please be aware of them.

The newly restricted street is Plaza Lane which joins other restricted streets like Majestic Lane down to Pergate, and Pinefield Ct. These streets either surround GBW or are close enough to Chantilly High School that students

from Chantilly have been using the neighborhood as their parking lot.

Please be aware of our neighbors and first try GBW parking lot and then the surrounding areas that are not restricted.
