

HAYFIELD SECONDARY CHORAL BOOSTERS

Hayfield Choral Boosters is a nonprofit organization providing support and assistance to the Hayfield Choral Program. We help both the high school and middle school students and the director in a variety of ways: providing accompanist fees, transportation for festivals and trips, programs and publicity, uniform coordination and fitting, chaperoning, and fund raising. The Choral program is in its 35th year. Please join Hayfield Choral Boosters today, and volunteer your time for its programs. **The success of our program depends on the generous support of our choral parents. Please give just a few hours of volunteer support during the school year.**
