“Creating a community where all children can succeed, NO EXCEPTIONS!”

Kids at Hope Orientation

- 2 hour orientation for your community: Overall orientation is designed to introduce our initiative and how we partner with communities, parks and recreation departments, police and fire departments, schools and youth organizations on behalf of all youth with a message, strategy and belief system that ***all children are capable of success, no exceptions!*** We also will outline the principles of Hope Square partners which include:
 - Agree to adopt a common belief, which boldly states that all children are capable of success, NO EXCEPTIONS!
 - Agree to participate in joint trainings in order to better understand each others strengths, share new information about youth development, and support the success of the children who they serve
 - Agree to co brand themselves without giving up their individual identity further promoting their willingness to more effectively serve all children
 - Review existing policies, rules and practices which inadvertently discourages collaboration

Module I Training
