

# Stinger Time

---

## Information for Students

Herndon High School

2010-2011

# Purpose of Stinger Time

---

- Stinger Time was developed to provide an opportunity for students to get additional help.
- Students may go to other teachers, the Library, or the cafeteria to work on assignments or get help, if their Stinger teacher agrees.

# Where You Can Go

---

- Students may request an ORANGE pass from a teacher to visit him/her during a Stinger period.
- Students may request a YELLOW pass from their Stinger teacher to go to the Library. Each teacher can send 2 students at a time to the Library.
- A/B students may request a BLUE pass from their Stinger teacher to go to the cafeteria.

# How It Works

---

- The teacher gets to decide what activity will take place during Stinger and whether or not a student may leave.
- Library movement will begin the second week of school.

Teacher movement will start at interim time.

Cafeteria movement will start 2<sup>nd</sup> quarter.

- If students go to another teacher or Library during Stinger Time and finish their work early, they may return to their original Stinger class. If students go to the cafeteria, they must stay there for the entire period.
- No movement will occur during Seminar Days.

# Expectations

---

- Once the teacher agrees that a student may leave, he or she must receive a pass from that teacher and sign out from the teacher's room.
- Students will have until 9:10 to get to their designated room. Students found in the hall or unapproved areas after 9:10 will receive a disciplinary consequence.
- When students get to the cafeteria, they will turn in their pass and will NOT be allowed to leave until the end of Stinger.

# You can do it!

---

- We hope Stinger Time will help ALL students be successful at HHS!
- With only one late bus day per week, this is a great opportunity to get the extra help and support you need.
- You can do it, and we're here to support you!
