

Insiders

For over 15 years, Holmes Middle School has had a working relationship with a group of local businesses called the Insiders. The Insiders meet biweekly to share leads and to network. Members from this group have consistently donated food, supplies, and financial support to our school. In return, Holmes tries to assist them in any way we can. Please support these businesses whenever possible. Some of the listed businesses offer discounts to Holmes' staff members and parents. Thank you.
