

# Student Drop-Off and Pick-Up Procedures

## WASHINGTON IRVING MIDDLE SCHOOL

Washington Irving Middle School has a “Kiss and Ride” student drop-off and pick-up. Parents are asked to drop-off and pick-up students in the designated area just beyond the concrete barriers near the back of the building. Students will enter and exit at the rear of the building by the band room, entrance 2.

The purpose of this procedure is to improve traffic flow and to ensure student safety. To assist with this procedure, we ask that parents pull all the way up to the back of the building behind the next car in line. We want to keep the lane represented by arrows open for the flow of traffic. You may park to the side between the dumpsters and the arrows in 2 lanes of traffic. This will help with the flow of traffic back onto Old Keene Mill Road. We appreciate your help in implementing these new procedures and know that you will help us continue to keep Irving a safe place for students.

Please do not pass buses unloading at the front of the building when dropping off your student. This is a violation of Virginia State Law, which carries a reckless driving charge and a large fine. Car pool lines do back up at times and can result in your student being late to school, so if you must transport your student to school, please allow extra time.
