

## Estimate and Subtract

$$\begin{array}{r} 48 \\ - 19 \\ \hline \end{array}$$

Estimate the second number to the nearest 10.

$$\begin{array}{r} 48 \\ - 20 \\ \hline \end{array}$$

Now, subtract 20 from 48.

$$\begin{array}{r} 48 \\ - 20 \\ \hline 28 \end{array}$$

Since, we added 1 to 19 to make 20, add 1 to the answer.

$$\begin{array}{r} 48 \\ - 20 \\ \hline 28 + 1 = 29 \end{array}$$

\* If you subtract to the nearest 10 then subtract the same number from the answer.
