

December 15, 1998

Dear Parents,

Your child, _____, has been selected to participate in the Kings Park Web Club. The club will meet every Tuesday, for six weeks, from 3:05-4:30 in the Computer Lab. The first meeting of the club will take place on Tuesday, January 5 and subsequent meetings will be January 12, 19, 26, February 2 and 9.

Students will report directly to the Computer Lab (room 28) when SAAC (School Age Child Care) students are called for dismissal. We will give the students a chance to eat a snack before we start the discussion of that day's activities. You are encouraged to send a small snack with your child. We will not be providing snack food.

The students will be using the editor, Claris Homepage to create their webpage. They will be divided into interest groups. Each group will be responsible for developing a webpage about a particular topic of their choice. After brainstorming information that will be needed on the webpage, each group will visit existing websites to help them decide how they would like their webpage to look. They will do some searching to locate information on their topic using search engines and bookmarked sites. Students will be encouraged to do some research at home but it is not a requirement of this club. The final product will have text, images, and hyperlinks.

The club will end promptly at 4:30 each Tuesday. Parents are responsible for picking up their students in the lobby of Kings Park at 4:30. There will be no adult supervision after this time.

Yours truly,

Brooks Widmaier
Technology Resource Teacher

Please return the following form by Tuesday, December 22.

I understand that my child _____ has been selected to participate in the Kings Park Web Club.

___ My child can participate. The following arrangements have been made:
