

Butterfly Report

1. Use your data retrieval chart as your draft page. It will help you organize your butterfly information.
2. Write about your butterfly. Make sure you include all the research information from your data retrieval chart. Use your very best handwriting and make sure all words are spelled correctly. You may type your report if you wish.
3. Build a model of your butterfly that we can hang from our classroom ceiling.

Your Data Retrieval Chart, written report, and butterfly model are due on _____ . Have fun and do your best!!
