

Creation of Your Country Symbols

Create a flag:

- Draw a draft of your flag. It can include one background color, many colors, strips, stars, symbols, words.
- Ask teacher for a piece of posterboard.
- Using a pencil, draw the flag on the posterboard.
- Color it in using crayons, markers, or colored pencils. You may also cut out construction paper and glue it on.
- Make sure the name of your country is on the flag, either on the front or back. (also put your citizen names on the back)

Map:

- With your group, discuss what the shape of your country will be.
- Your country must include at least 5 of the following: mountains, rivers, forests, a peninsula, plain, desert, beaches, wetlands and ocean (each landform must be named)
- The country must include at least one city.
- Draft your country map on construction paper and then ask for a piece of posterboard to create the final map.
- In addition to the land and water, the map must contain a title, legend and compass rose.
