

Dear

As part of our unit on exploration, we have officially become explorers. Our country _____ would like to go on an expedition to discover some new lands and riches. We need your assistance. Would you be willing to sponsor our expedition? In order to be a sponsor, we are asking if you can provide some needed supplies.

Suggestions:

- small tin cans
- mini-boxes
- pipe cleaners
- magnets
- string for beads
- clothespins (spring type)

Please send a brief letter of acceptance to the country and a representative will come by to gather the resources. Rest assured that the riches that are discovered will be shared with the sponsor.
