

## Coming to a classroom near you.....

Several third grade classrooms are completing their biography unit and have student biography “experts”. They are willing to come to your classroom, in costume, to discuss their “notable person’s” accomplishments.

If you would like them to visit your classroom, please sign up below. A group that includes the biographical characters from your grade level, plus a few odds and ends, will make the visit. They will stay for approximately 10-15 minutes. They will bring a list of questions that you may choose to ask.

First come, first served. We will try to accommodate your requested time.

No sign ups after 3:15, Thursday, Feb. 21st.

If we can not accommodate you, a video will be available for checkout at a later date.
