

Planet X Song

Ben L, Brittany, Claire, Kymy, Stephen
(to the tune of "Frere Jacques")

Planet X Planet X
Really bad Really bad
You can die You can die
That would be sad That would be sad
It has hurricanes and volcanoes
All the time All the time
That would be bad That would be bad
Plants could not live, animals would be mad
There's so much flooding There's so much flooding
And Natural Disasters Natural Disasters
These are the reasons why you can't live there
On Planet X on planet X.
