

Dear Students,

The Greater Springfield Chamber of Commerce has heard about your learning community. We are very interested in bestowing the official title of “Community” on your classes. However, in order to earn that title, there are certain requirements. You must be able to show that you have:

- a community name
- community laws
- government (mayor, deputy mayor, maintenance engineer, line coordinators)
- businesses
- consumers
- a bank
- a post office
- community newspaper
- public library
- grocery store
- theater

You can prove that you are, indeed, a community by creating things like a video, a book, or a newspaper about your town. I will also make a site visit to witness your community in action after which if you are deemed a true community you will be awarded the key to your city. I look forward to hearing from you.

Sincerely,

Executive Director  
Greater Springfield Chamber of Commerce
