

Winters Here
By the Producers
Tune: Jingle Bells

Winter's here, winter's here
Snow is falling down
Little flakes fall softly down
hiding all the ground.
Winter's here, winter's here
winter's very cold
Bundle up in coats and hats
and a scarf for your nose.

Penguins
By the Producers
(Tune: Row, row, row your boat)

Penguins waddle on the ice.
They like to slip on ice.
Sliding on their bellies,
very fast and nice.

I'm a little Polar Bear
By the Producers
(Tune: I'm a little teapot)

I'm a little polar bear
nice and white
I have paws
and very sharp claws
I'm the best swimmer in the sea.
I like fish and love to eat.

Build a Snowman
by the Producers
(Tune: London Bridges)

Build a snowman nice and big,
nice and big, nice and big.
Build a snowman nice and big,
in winter time.

Roll the snow into a ball,
into a ball, into a ball.
Roll the snow into a ball,
in winter time.

Stack them up nice and high,
nice and high, nice and high.
Stack them up nice and high,
in winter time.

Make some eyes out of coal,
out of coal, out of coal.
Make some eyes out of coal,
in winter time.

Make the nose with a carrot,
with a carrot, with a carrot.
Make the nose with a carrot,
in winter time.

Make the mouth out of raisins,
out of raisins, out of raisins.
Make the mouth out of raisins,
in winter time.

Give him a little hat,
a little hat, a little hat.
Give him a little hat,
in winter time.

Give him sticks for hands,
sticks for hands, sticks for hands.
Give him sticks for hands,
in winter time.
