

JOIN LANE PTA'S MATH CLUB!

- ✓ *Is your child excited about math?*
- ✓ *Is your child interested in joining a math club that gives rewards for active participation?*
- ✓ *Do you want him/her to practice critical thinking and math problems on a regular basis?*

If so, please sign your child up for Lane PTA's MATH CLUB!

Math Club is designed to *enhance and enrich* your child's journey through mathematics. It is neither an academic remediation program nor a competitive math team.

HOW DOES IT WORK? Each week, the 1st and 2nd grade students will be taught a math game and then provided with the materials to take home and play the game. This will reinforce the math skill that was taught during the class. Each week your child will receive a grade-appropriate worksheet that is to be turned in at the next weekly meeting. Weekly meetings will focus on math games and contests. Math Club also includes a reward system to encourage continued participation and to reward children for their work. Students earn "Star Points" for completing work, solving problems correctly, and demonstrating other math-related skills. As they accrue points, students can earn math-related incentives and "Certificates of Achievement".

The 3rd through 6th grade students will learn how to use online resources to enhance their math skills. We will use interactive FREE websites that build strong mathematic skills. Students will have fun competing in online challenges both individually and with others. The best part is that once students understand how to use these online resources, they can continue to use them throughout the school year to help them reach their potential in understanding mathematics!

IS THIS RIGHT FOR MY CHILD? Your child should express an interest in and enjoy math games and solving challenging problems.

TEACHERS? This 8-week program is taught by current Lane Elementary teachers, Ms. Deb Malinowski (2nd grade) and Mr. David Pietzman (5th grade).

WHEN? The class time is from **4:00 p.m. to 5:00 p.m. on Thursdays**, beginning **October 6th** and ending **Thursday, December 1st**.

COST? Club fees are **\$80 per child (\$95 non PTA members)** and **space is limited**. **Applications will not be accepted after Monday, October 3rd**.

QUESTIONS? Contact Pamela Dorsey, Class Coordinator at (703) 919-2905; email Pamela.Dorsey@lanepta.org

VOLUNTEERS? Because Math Club is structured around small group activities, we need parent volunteers to help out.

*****NOTE*****

This is a very popular program! Children of PTA members and children of parents who volunteer to help will receive priority placement in this program. You can join the PTA at any time to receive this and other benefits!

LANE ELEMENTARY PTA
