

Andrew takes them back to the cafeteria where you turn them in and shows proof that

these roar cards are his because name on the back of the cards.

"How did you take these form me?" Andrew says confused. "I went up to your locker and saw you open your locker using your combination, so I saw your combination and used it to open your locker," Shawn explained.

So now Andrew is chanting "I got them

back," and he now changed his locker combination so no one knows his combination so people can't just constantly steal from him.

Andrew goes to his locker and sees that all of his roar cards are missing. It happens that he sees Shawn walking by with many roar cards

that he didn't have before. He turned curiously and followed him into the Cafeteria.

Right before Shawn is about to turn in his roar cards, Andrew grabs his hand

and says,

"Shawn, may I please check the back of the cards before you turn them in because I am missing the exact number of roar cards I had and just yesterday you didn't have any cards at all."

So Andrew confronts Shawn, takes the roar cards and claims 'Shawn you stole these cards from me.'

Then Shawn exclaims, "I didn't mean to, I just really wanted roar cards because I never got one before."

So Andrew takes them to the cafeteria and shows him proof that these are his roar cards.
