

There are so many video games available these days, suitable for playing on a variety of consoles. In this brochure, we will highlight a few of the video game genres—and we guarantee that you will find at least one video game that you will enjoy!

Sports

Are you a major sports fan? Have you ever wanted to go outside and play a sport, but it was raining, or you had no one to play with? Well, welcome to the Sports genre! All major sports have been turned into a video game, including volleyball, soccer, and football, so there is a choice for every sports enthusiast.

Madden 07

FIFA 07

Role-Playing Games

Role playing games, also called RPG's, are games where you maintain the role of the main character and assume that role throughout the story. Role playing games usually have some form of leveling your characters up, increasingly making them more powerful and efficient. We consider this to be our favorite genre out of all the genres because it's highly challenging you and is a lot of fun!

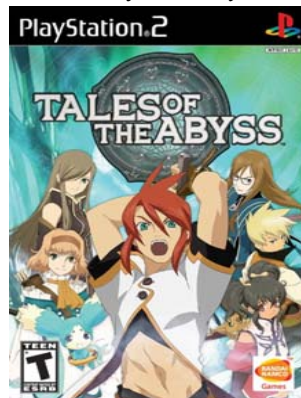

Kingdom Hearts 2

Final Fantasy XII

Tales of the Abyss

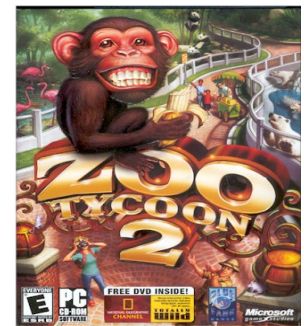

Strategy

Your brain will be put to the test when you play Strategy Games. In this gaming genre, you need to think strategically to find the best way to build and run your park/civilization. You can exercise control, or watch your empire get destroyed. YOU decide what happens!

Roller Coaster Tycoon

Zoo Tycoon

Tetris
