“Students seeking the finest [high school] preparation available for an American college should consider the International Baccalaureate. The IB offers an integrated curriculum that provides students with the skills needed to be world-class scholars and an educational philosophy that prepares them to be first-class citizens. I do not know of a more comprehensive and appropriate learning model.”

—Jim Crowder,
Director of Admissions,
Macalester College

“IB is well known to us for excellent preparations. Success in an IB program correlates well with success at Harvard. We are always pleased to see the credentials of the IB Diploma Program on the transcript.”

—Marilyn McGrath Lewis,
Director of Undergraduate Admission
Harvard University
