

**Orange Hunt Elementary School  
Fall Beautification and Clean up Day  
Saturday, November 12, from 8:00am-12:00pm.**

Please join us for our bi-annual school grounds clean up day. This is a great opportunity for the children and their families to show their pride and community spirit. For the Fall cleanup, we will clear leaves, weed, mulch and plant along with any other necessary landscape tasks.

Please consider donating a hearty perennial shrub or plant. We could use Hosta, Lithrope, Garden Mums, Daylilies or any plant or shrub that does not require a lot of sun, water or care. **Splits from your garden are welcome!**

In addition, we are in need of rakes, shovels, and wheel barrels. If you are unable to attend and would like to donate plants or use of tools, please drop them off at OHES by 8:00am and pick up at 12:00pm in front of the school. **Please put names on all tools or garden equipment.**

If you know of any middle school children who are in need of community service credits, they are welcome to attend. Please have them sign in for credit.

Hope to see you there!
