

Use the online German Lending Library

Check out **German DVDs and audio books** online and receive them in your child's Friday folder!

It's easy!

Go to <http://signupgenius.com/index.cfm?go=c.SignupLogin&id=49241>

Password is DVD (not case sensitive).

Just click on "sign up" beside the item you would like to check out. No need to create an account (click "I don't want an account"), add your child's first and last name, and put your child's homeroom teacher under "comments."

The site includes a file with short descriptions of each movie. Each child may have one movie or audio book checked out at a time. Please return within two weeks to the return box located in the school lobby. Items must be checked out by Wednesday at noon to receive them in the Friday folder for that week.

*The DVDs have been purchased in Germany, and require the regional setting of your PC, laptop or DVD player to be set for region 2. To purchase a multi region DVD player, Google for the term "multi regional dvd players" and you get several suppliers: www.world-import.com; www.amazon.com; www.220-electronics.com

Our volunteers Tennille Olsen and Andrea Christiansen are managing the library process this year. You may contact them if you have further questions:

Tennille Olsen: tennille4_76@yahoo.com
Andrea: andreapapechristiansen@gmail.com

Please spread the word, as the use of the lending library is free to anyone with children in German Immersion!

Kind regards,
The German Club
