## INTRODUCTION

The Report of Student Membership by Ethnic Group and Gender is based on student membership data as of September 30, 2009. Ethnic student data are collected from the parents/guardians at the time of initial Fairfax County Public School (FCPS) registration. No student is counted in more than one category.

FCPS uses the ethnic classifications established by the United States Department of Education pursuant to Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and under section 504 of the Rehabilitation Act of 1973. These classifications include the categories American Indian or Alaskan Native, Asian or Pacific Islander, Hispanic, Black, and White. A local code titled "Undesignated" is used when the parent/guardian of a student refuses to identify the student with one of the five federal classifications. Beginning with the 1994-95 school year, FCPS added "Multiracial" to the list of ethnic classifications. The term Multiracial is defined as "persons whose parents have origins in two or more racial or ethnic groups." Beginning with the 2003-04 school year, the Virginia Department of Education and FCPS added "Hawaiian/Pacific Islander" to the list of ethnic classifications.

For local reporting purposes, there are eight ethnic classifications: the six classifications prescribed for federal and state reporting, Undesignated, and Multiracial. The term minorities includes the categories American Indian or Alaskan Native, Asian, Hawaiian/Pacific Islander, Hispanic, Black, and Multiracial.

Membership is reported by elementary, middle and high schools, special education centers, and alternative education schools and centers.

- As of September 30, 2009, Fairfax County Public School student membership was 171,790. Table I displays the number and percentage of students in each ethnic and gender category and level.
