

Advanced Academics Program

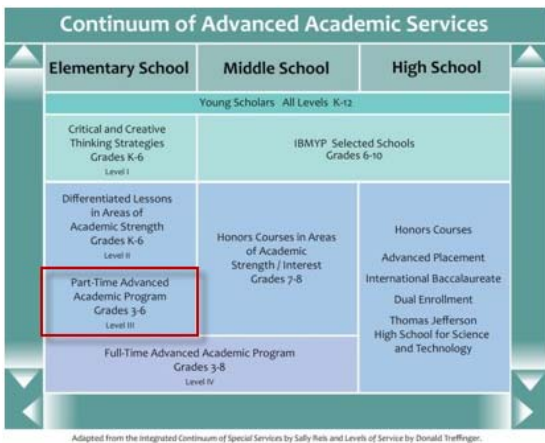

At Rolling Valley we offer three different levels of service according to FCPS Continuum of Service.

At Level 1 all students have the opportunity to participate in Advanced Academic opportunities. All students K – 6 will participate in various critical and creative thinking strategy lessons throughout the year. These lessons will be conducted in the classroom by either the classroom teacher or the Advanced Academic Coach.

At Level 2 differentiated lessons are offered by the classroom teacher in based on a student’s area of academic strength. The Advanced Academic Coach collaborates with the classroom teacher to plan differentiation within the general education program. Students are screened by the local school screening committee to be identified as needing Level 2 services.

At Level 3 students identified by the local school screening committee are challenged through models and strategies designed to extend and enrich the general education curriculum in the four core subject areas. Students receive differentiation both from the classroom teacher as well as the Advanced Adademic Coach.

All second grade students are screened for Level 4 services, more information about screening will come home in the Friday folders as important dates approach and an information session will also be held. For more information please visit, <http://www.fcps.edu/DIS/aap/index.html>

If you have any general questions please visit, <http://www.fcps.edu/DIS/aap/faqs.html> or contact me, erica.shannon@fcps.edu
