

ROLLING VALLEY LIBRARY

Mission:

The Rolling Valley Library supports the Virginia Standards of Learning and the Fairfax County Program of Studies through a variety of resources.

Vision:

The staff works to instill in each student a love of learning and a quest for knowledge. All members of the Rolling Valley Community are encouraged to actively locate, critically evaluate and discerningly synthesize information and ideas.

To accomplish this mission and vision all students visit the library weekly. Library lessons are integrated with the FCPS curriculum and enhance classroom learning. Locating, reading and evaluating information is critical to academic success and confidence.

In addition, the library collection contains items that reflect the cultural diversity and the recreational interests of our student population. The approximately 10,000 items include novels, short stories, picture books, biographies, nonfiction books, periodicals, books on tape or CD, books in foreign languages as well as print and electronic reference materials.
