

# Virginia Reader's Choice Books

## Encouraging Young Virginians to Read

Spring Hill Library sponsors the Virginia Young Readers Program for our students. Each year 10 books for four age levels are selected by the Virginia State Reading Association.

**Primary Level (K-2):** Mrs. Hugger or your teacher will read all ten books to all classes and each class will vote for their favorite book in March. [Primary Book List](#)

For grades 3-6, the students read at least 4 books from one list in order to vote in March for their favorite book. All students who read 4 books will be invited to the voting party in March. Special prizes will be awarded to all grade 3-6 students who read all ten books from the Elementary or Middle School lists. [Elementary Book List](#).

### Middle School Book List

These books are available in our library or the public library or in bookstores or at our book fair. At Spring Hill we recommend the books for Primary level readers (grades K-2), Elementary level readers (grades 3-5), and Middle School Level readers (grade 6).
