

Order Your Fresh Holiday Wreath Today!

Mark Twain Middle School PTA is partnering with Nalls Produce in Franconia to provide the community with fresh holiday wreaths. Nalls hand makes wreaths onsite with fresh greens from Fraser Fir clippings sourced from small, family run farms in the mountains of North Carolina. The price for a plain Fraser fir is \$26.00, \$34.00 for premium Fraser Fir with mixed greens. Wreaths are approximately 22-24 inches in diameter, the perfect size for a front door. Your wreaths are made just days before pickup to ensure the freshest wreath possible. By buying locally made wreaths with locally grown green, you are keeping your money in the local economy, not sending it across the country. Additionally, Nalls Produce greens come from farmers who use sustainable farming practices. Contact Beth Krause at Beth_Krause@hotmail.com with questions.
