

# 2009 SUMMER READING ASSIGNMENT

## RISING SOPHOMORES

### WESTFIELD HIGH SCHOOL

In accordance with Fairfax County Public School policy, each student will read a book over the summer. During the 2009 summer, rising sophomores will be asked to read one novel based on the impact that sports or other movement activities had on the lives and character of individuals.

Students may choose **any** novel related to sports or other movement activities that has a theme about building **POSITIVE** character.

Students are encouraged to take notes as they read. When the students return to Westfield in the fall, they will be asked to complete an in-class assignment to assess their understanding of the book. All students will be assessed in their 10<sup>th</sup> grade Health, PE and Drivers Education classes. All students registered before August 14 will be required to complete this assignment.
