A Note to Parents:

1. *Optional: Looseleaf Binder (to house folders and school planner)
Binders add weight to the backpacks, but are helpful organizational tools. Some children like using a binder, while others find it a burden. Parents, we are leaving this decision up to you.
2. We will be ordering *Time for Kids*, a weekly news magazine for each student. The cost will be in the neighborhood of \$5 for the year. You will receive more information the first week of school.
3. We will be making relief maps of Virginia early in the year. You may want to pick up some cream of tartar (spice aisle in supermarket) and a small box of assorted food coloring.
