Fairfax, Virginia 22030

October 4, 2007

Dear Parents, Residents and Property Owners:

The Fairfax County School Board has directed staff to conduct a boundary study involving the Forestdale Elementary School and Springfield Estates Elementary School attendance areas. The goal of this study is to use available capacity provided by the new modular building addition at Forestdale Elementary School to relieve overcrowding and to eliminate the attendance island (Springfield Crossing Apartments) at Springfield Estates Elementary. This study is limited to the attendance areas of Springfield Estates and Forestdale Elementary Schools.

A town meeting to review the study is scheduled for:

Wednesday November 28 7:30 p.m. Forestdale Elementary School
6530 Elder Avenue
Springfield, Virginia

Parents, residents and property owners are invited and encouraged to attend. If you cannot attend the scheduled meeting, all comments and meeting handouts will be posted on the FCPS website (www.fcps.edu) after each town meeting.

For additional information, please contact the Office of Facilities Planning at (703) 246-6920.

Sincerely,

Denise M. James
Director, Facilities Planning Services
