## **SUMMER PROGRAMS**

Summer general education classes for FCPS elementary will be identified by each school. These programs run August 3-21. School-based teams at each school will identify participating students who will benefit most from the summer programs. These students will be invited to attend by their school principal.

Island Creek Elementary will be offering “Project Lift”, a summer reading program for rising 4<sup>th</sup>, 5<sup>th</sup> and 6<sup>th</sup> graders to 60 students over the summer months. These students will receive additional support with reading strategy instruction and six self-selected books to read during the summer. The participating students have already been identified and contacted about the upcoming program.
