Numbers in parentheses in the column headings are the pass rates needed to reach accreditation benchmarks in the given content area.
 "NA" means that the tested area was not pertinent to the given school, e.g., elementary schools will not have grade 8 or high school English.
 Content areas that have no column for "warned," had no schools warned in that area, e.g., Grade 3 History.
 Pass rates needed for meeting accreditation are outlined in the Standards of Accreditation for Virginia.
