FEA publishes a Tutor Directory online. It is easy to use and a great resource. You just click on a location and a list of local tutors will come up. All tutors on the list are certified teachers and members of FEA. The list also includes information such as grade level/subject specialties.

<http://www.fairfaxea.org/index.cfm?PageID=69&submenu=9>

The Fairfax County Public Schools Parent Resource Center also maintains a list of local tutors.
