

SOUTH COUNTY SECONDARY SCHOOL

Middle School Supply List

2008-2009

A standard South County *Middle School* Supply List is given below. However, each team or discipline may distribute an additional supply list when school starts, with items specific to their content. It will be helpful for students to start the year with as many of these supplies as possible. Please note: **There is no general supply list for High School.**

4 five-subject spiral notebooks – *MEAD or FIVE STAR with plastic cover so they will stay together throughout the year*

1 pack 8-tab dividers

4 pocket folders, 3 whole punched

2 zipper pencil pouch

2 pack of pencils (mechanical suggested)

1 pack of pens (blue or black)

2-3 colored pens (green or red)

1 pack of colored pencils

2 different colored highlighters

12-inch ruler

6 Glue sticks – sufficient amount for 1st quarter. Because of the use of Interactive Notebooks, we would suggest having a pack of **6 glue sticks available for each quarter of the year (total of 24).**

1 pack Filler Paper – wide ruled

White-out correction ribbon (*not* a white-out pen or bottle of white out)

Basic 4-function calculator

1 pair of **small, safety scissors**

Manual Pencil Sharpener

BACKPACKS

While backpacks are a part of the school experience, backpacks/backsacks are *not permitted* in many of the middle school classroom, cafeteria, gymnasium and other instructional areas. When backpacks are brought into the building in the morning, they may have to be put away in the student's locker. Thus, it is imperative that the backpack bought for school must be able to fit in a student's locker – backpacks on wheels will not fit. Consider these items when purchasing a backpack to use for transporting supplies.
