

Foreign Language/Mathematics Placement Request

South County Secondary School
2007-2008 School Year

Name of student (please print) _____

I request that my student be placed in:

Foreign Language Course Requested _____

Math Course Requested _____

In making this request for the 2007-2008 school year I understand that:

- It is the goal of the South County Foreign Language and Mathematics Department that every child be successful. These courses are skill-building subjects and therefore require a firm foundation of prerequisite knowledge at each level. Even though a "D" is considered a passing grade, it does not represent a sufficient level of knowledge needed for success in the next course of the particular sequence. Therefore, it is strongly recommended that students who earn less than a "C" as a final grade in a course should repeat the course in summer school or the next school year.
- Students with less than a C average may need extensive tutoring in addition to the help that the teacher routinely provides outside of class. As parent/guardian, I am willing and able to provide that tutoring.
- Extensive tutoring does not always assure success in an advanced level for a student who is not adequately prepared and/or motivated.
- The requested change will be considered only upon completion and return of this form to my student's guidance counselor.
- The completed form will be kept on file with the guidance counselor and a copy sent to appropriate department chair for future reference.
- I understand requests at a later date to move back to the previous level may not be honored due to master schedule restraints.

Parent/Guardian Signature _____ Date _____

FOR OFFICE USE ONLY

Received by _____ Date _____
(Signature of school official)

Schedule has been adjusted in SASI to _____ on _____
Course Date

Reminder- Send completed copy to appropriate department chair.
