

BOOK

When I am with a group:

1. I need to **sit** in my seat

2. I need to **listen**

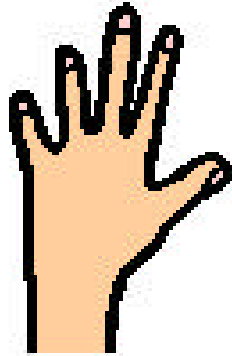

3. I need to be **quiet**

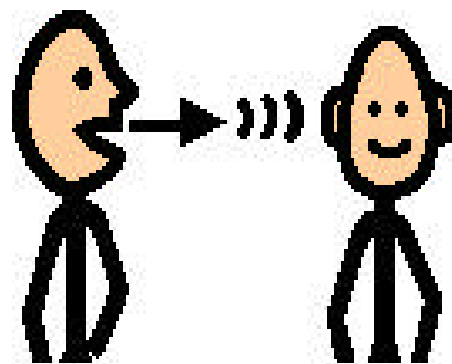

4. I need to **wait** my turn

If I want to say something I need to **raise my hand**

Then my teacher will call my name and I can have a turn to **talk** to my teacher and friends

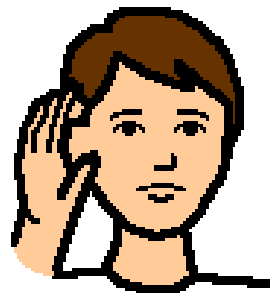

It will make my teacher and friends **happy**

that I am **listening**

when they talk

and talking only when it's **my turn**.
