

AP Vergil
Summer Assignment, 2009

YOUR MISSION: to read the entire *Aeneid* in English. AP requires you to be familiar with the characters, plot, and themes from the work as a whole, not just the portions you will be reading in Latin.

Suggested translations, all of which are available in paperback through most major bookstores (Amazon.com may have the best price):

The Aeneid. Translated by Robert Fagles. Introduction by Bernard Knox. ISBN: 978-0143105138. This one was initially published in 2007 in hardback, and follows the Latin very closely.

Allen Mandelbaum, *The Aeneid of Virgil*. ISBN: 978-0553210415. This one is an older translation, though still very good.
