

Developing FCPS' New Strategic Plan

Fairfax County Public Schools is developing a new Strategic Plan, and the plan's success depends on YOU!

What is a Strategic Plan?

Similar to a roadmap, a Strategic Plan clearly defines the best route for the school district to take in the years ahead to reach our goals.

Why do we need a Strategic Plan?

Our students are preparing for careers that don't exist today. In order to keep pace with these needs, we need to rethink our plans for the future - and how we will best serve our students for this new era.

Why should you participate?

Our new Strategic Plan can only be successful with input from the many diverse voices that make up our community. Together, we can determine the goals and priorities that will help ensure a thriving future for every FCPS student.

The graphic highlights diverse voices that will be working toward a shared vision:

- Students
- Families
- Staff
- Community Organizations
- Community Members
- Association Leadership (e.g., employee associations)
- School Board

Each group will have an opportunity to participate in one of 12 Strategic Planning Teams.

Be a Part of the Strategic Planning Process!

- [Attend a Community Forum](#).
- Provide feedback online.
- [Register to speak](#) at an upcoming Board meeting.
- Watch an upcoming Board meeting and Strategic Plan work session.

Community Forums

Opportunities are available for every resident to participate in and influence the direction of the strategic plan prior to its completion and formal adoption by the Board. Insights from the Community Forums will be shared with the Core Planning Team for incorporation into the Strategic Plan, as appropriate.

Register for a Community Forum.

Share your thoughts.
